Claim: After Moderna, Pain typically occurs before Asthenia.

1 WHICH REPORTS COUNT?

983 Moderna reports; **30 mention both events:**

2 A ONE-QUERY BASELINE

"I count a report only if **Pain comes first**."

n = 18, k = 18 → p < 0.0001 → supported

N = K!

The **4 Asthenia-first reports** vanish, so n = k.

3 OUR STAGED PIPELINE

S1 Articulate
both at different stages; null 0.5; exact binomial

→

S2 Retrieve
SQL under that rule returns
n = 22, k = 18

→

S3 Test
exact binomial
p = 0.002
verdict: supported
